Oklahoma Energy Producers Alliance

Protecting our industry for a better Oklahoma

WHAT WE DO

Oklahoma Energy Producers Alliance (OEPA) is a group of small business Oklahoma oil and gas companies concerned with protecting our rights as conventional vertical producers at the State Capitol and the Corporation Commission.

OEPA is fighting to:

- **Protect percentage depletion in the state of Oklahoma**
- **Protect vertical wells from horizontal frack damages**
- **Enable small producers to have a voice at the Oklahoma legislature & Corporation Commission**
- **Ensure that damaging legislation is adequately reviewed and responded to, in order to protect small business owners**
